Fundraisers

- Off season and during season fundraisers- It was discussed that **less than half of our team** is actively participating in fundraising opportunities, despite the fact that the funds raised benefit the entire program and every athlete in the program. To maintain a strong and sustainable program, all team members are expected to contribute to fundraising efforts throughout their time in the program. The consensus is that every family should make a good-faith effort to support the program through fundraising, volunteering, or other approved means of contribution. This expectation is about establishing a culture where **everyone** contributes and supports the success of the team.
